

An Evening Wedding at Stone Mansion In July

Number of Guests – 100

Colors, Floral Arrangements to be decided

There are a number of ways to stage food and beverage
Service

The Wedding will be at the mansion as well.

July can be a very warm month. I suggest you offer an ice-cold
beverage to your guests upon arrival before the Wedding and the
Bridal Party as well, while they getting ready.

For the guests you could serve a light champagne punch and
perhaps delicate cheese wafers or straws-

For the bridal party a cool lime drink, maybe some tea sandwiches
and strawberries or tea cookies
